Mastering Adult Minimal Sedation: Inhalation and Oral Sedation in Dentistry

Dr. Jason Goodchild, Dr. Mark Donaldson,
and Dr. Scott Dickinson

LIMITED ENROLMENT

This two part hands-on course offers instruction in all aspects of nitrous oxide/oxygen inhalation, including effective methods in dealing with anxiety control in general practice. Participants will learn various techniques and will have the opportunity to try several types of systems.

Part 1 (Friday and Saturday) is designed to achieve certification in nitrous oxide/oxygen sedation and Part 2 (Sunday) is designed for those who have successfully completed Part 1 or have previously completed a certification course in nitrous oxide/oxygen sedation (documentation required) or have completed an undergraduate program. Part 2 focuses on minimal oral sedation.

Part 1 — Friday and Saturday, October 20-21, 2017

This course will include hands-on administration of nitrous oxide using various techniques, machines and equipment.

- Clinically-Useful Pharmacology
- Patient Assessment and Risk Management
- Applied Physiology and Anatomy of Respiration
- Nitrous Oxide and Oxygen Pharmacology
- Indications and Contraindications for the Use of Nitrous Oxide
- Nitrous Oxide Equipment: Plumbed and Portable
- Incremental and Rapid Induction Administration Techniques
- Nitrous Oxide Contamination and Scavenging: When Fail-Safe Isn't Safe
- Keeping Patients Safe: Monitoring
- Keeping Patients Safe: The Dental Emergency Kit
- Tips and Tricks for Additional Pain and Anxiety Control
- Avoiding Drug Interactions

Part 2 — Sunday, October 22, 2017

This two part course is designed to meet the criteria, standards and guidelines of the College of Dental Surgeons of British Columbia, the Alberta Dental Association and College, Royal College (Ontario), the American Dental Association, and the Association of the Canadian Faculties of Dentistry for the teaching and administration of nitrous-oxide and oral sedation. A short examination is required to successfully meet these requirements.

Pre-requisite: Part 1 or equivalent

- Pharmacology of Oral Sedatives and Their Utilization with Nitrous Oxide
- Minimal Oral Sedation Protocols and Patient Management
- Beyond Sedation: Appropriate Analgesic Prescribing
- Beyond Sedation: How Sedation Can Improve Your Local Anesthesia Success
- Beyond Sedation: Pain Mechanisms and Appropriate Analgesic Prescribing
- Beyond Sedation: Local Anesthesia Update
- Keeping Patients Safe: Flumazenil & Naloxone
- Minimal Sedation Regulations and Other Regulatory Considerations

REGISTER NOW

FRIDAY, SATURDAY AND SUNDAY

OCTOBER 20-22, 2017

DE 9295

TUITION:	Until Sept 15	After Sept 15
Dentists*:	\$ 1875	\$ 2050
CDAs:	995	1095
RDHs:	995	1095

Includes: handouts, continental breakfast, lunches, and all refreshment breaks.

21 HOURS OF INSTRUCTION

**Please note: we encourage the whole team to participate in this course, but only the dentist is eligible for certification.*

TIMES:

Registration (Oct 20): 8:30 am
Course times: 9:00 am - 5:00 pm

LOCATION:

The University of British Columbia
Instructional Resources Centre,
(IRC) 2194 Health Sciences Mall
Vancouver, BC

Clinical Session in the Nobel Oral
Health Centre, UBC

Clinicians:

Jason Goodchild, DMD is a graduate of Dickson College in Carlisle, Pennsylvania. He received his dental training at the University of Pennsylvania, School of Dental Medicine, where he maintains a faculty position as Clinical Associate Professor in the Department of Oral Medicine. Dr. Goodchild is also Clinical Assistant Professor in the Division of Oral Diagnosis, Department of Diagnostic Sciences, New Jersey Dental School, and has a practice in Havertown, Pennsylvania. He has

published numerous articles and spoken to many State Dental Boards on the topic of enteral sedation dentistry. Dr. Goodchild has been an invited speaker for the Academy of General Dentistry and American Association for Dental Examiners. He is a reviewer for the Journal of the American Dental Association, General Dentistry, and Quintessence International, and has served as a grant reviewer for the National Institute of Health.

Mark Donaldson BSP, RPH, PHARMD, FASHP, FACHE received his baccalaureate degree from the University of British Columbia, and his Doctorate in Clinical Pharmacy from the University of Washington. He has further completed a residency at Canada's largest tertiary care facility, Vancouver General Hospital, and is the current Director of Clinical Pharmacy Performance Services for VHA, living in Whitefish, Montana. Dr. Donaldson is a Clinical Professor in the Department of Pharmacy at the University of Montana in Missoula, and Clinical Associate Professor in the School of Dentistry at the Oregon Health & Sciences University in Portland, Oregon. He has a special interest in

dental pharmacology and has lectured internationally to both dental and medical practitioners. He has spent the last seventeen years focusing on dental pharmacology and the art of dental therapeutics, and has become a leader in this field of study. Dr. Donaldson has a number of published works in the peer-reviewed literature and spent three years in Japan centering on cross-cultural communication and internationalization. He currently serves on the Editorial Board for the Journal of the American Dental Association. He is board certified in healthcare management and is the current President of the American College of Healthcare Executives' Montana Chapter. Dr. Donaldson is the 2014 recipient of the Bowl of Hygeia for the state of Montana.

Scott C. Dickinson, DMD received his undergraduate degree from St. Lawrence University and his dental degree from the University of Pennsylvania, School of Dental Medicine. After graduation he completed an AEGD while serving in the U.S. Army. During this time Dr. Dickinson received training on and regularly used nitrous oxide and oxygen, oral, and intravenous sedation techniques. During his service in the Army he performed the duties of both a flight surgeon and a general practicing dentist. After leaving the Military he entered

private practice where he served as the Vice President of Clinical Support for Aspen Dental Management. In this role he was responsible for the training, new dentist orientation, and continuing education needs of both the company and the over 700 doctors it associates with. He now maintains an active general dental practice in Pensacola Florida where he regularly uses sedation techniques to more comfortably treat his patients.

CANCELLATION POLICY:

Limited Enrolment Courses require a minimum of 21 days notice for a full refund less \$50.00 administration fee. Cancellations made between 21 and 14 days prior to the first day of the program will receive a 50% refund. No refund will be granted for cancellations made less 14 days prior to the first day of the program. Continuing Dental Education at The University of British Columbia reserves the right to cancel courses if deemed necessary by low enrolment, instructor cancellation or other unforeseen issues. In case of course cancellation a full refund will be issued.

CDE at UBC is an ADA CERP Recognized Provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. Concerns or complaints about a CE provider may be directed to the provider or to ADA CERP at www.ada.org/cerp.

DISCLAIMER: Dental education institutions have an obligation to disseminate new knowledge related to dental practice. Some presentations may include controversial materials or commercial references. Sponsorship of a continuing education course by The University of British Columbia does not imply endorsement of a particular philosophy, procedure or product by The University of British Columbia. Fee in full must accompany registration. The tuition fee is deductible for Canadian Income Tax purposes. See cancellation policy.
