Implant dentistry is the next level of best practice for dentists. Are you making the most of this for your office?

The [AAID Vancouver MaxiCourse®](#) is **the** program to provide a solid educational foundation and the confidence that you have learned it the right way.

MENTORSHIP

A one-year, 300+ hour advanced implantology fellowship program under Vancouver's leading team in implant dentistry; receive one-on-one mentorship from Diplomates of the American Board of Oral Implantology

TRAINING

From the basics building to more advanced implantology, experience your learning first-hand and lead surgeries on your own patients with 10+ days of clinical sessions, plus 3 days of practical surgical anatomy and hands-on cadaver exercises.

RESEARCH

Take your knowledge base to the next level through the guidance of experts in the field, internationally acclaimed practitioners, and expand your understanding of current scientifically-based research.
