Certificate in Dental Practice Management

As in all successful organizations, the efficient management of systems, costs and revenues is critical to success. For dental professionals, understanding how to manage these factors and improve customer retention through quality of care are key to developing a sustainable, patient-centric practice.

Designed and delivered by UBC Sauder professors and successful dental practitioners, and based on industry best practices and key measurements, the concepts and skills presented in this certificate program will help you work more effectively with your staff, streamline your systems and make smart decisions for the future.

Takeaways
This program provides the following takeaways in an integrated, applicable manner, focused on dental practices:

**Business Strategy**
- Identify your goals and evaluate business challenges and opportunities
- Understand industry trends as they affect your practice and dentistry
- Consider numerous ways to reduce your costs
- Appreciate all of the advantages and disadvantages of new technology

**Accounting/Finance**
- Assess your own practice, and identify and measure Key Performance Indicators
- Determine what your practice is worth
- Interpret your Financial Statements to uncover hidden costs
- Evaluate cost structures and cash flow

**Leading People**
- Broaden your understanding of effective leadership

Price
The complete program includes continental breakfast and lunch each day on each of the three modules for a total price of $649.50. Additional person from the same office will receive a 15% discount. For more program details or to register please visit the program website at www.sauder.ubc.ca/dentists or contact a Learning Advisor at 604-822-6947 or exec.ed@sauder.ubc.ca

**Location**
Courses are held at UBC Robson Square 800 Robson Street, Vancouver BC.

**Times**
8:30 am – 4:30 pm

Testimonials
“I have never found a course like this available for dentists and their team members. It is unique and informative. The course exceeds all expectations and delivers material and, most importantly, effective tools to improve all aspects of dental practice management. It covers everything they don’t teach at dental school but is so important in creating a successful dental practice and a delightful career.”

“I appreciated learning from business educators, not individuals who specialize in teaching dentists. I liked that the teaching was based on real time Canadian and BC economic data. I think non-dental educators brought new insights to the module.”

“I liked most the academic rigor of the approach. I find most practice management courses to be very sales oriented without much data to back up their claims.”

**Special Features**
In addition to formal classroom sessions, the program includes prominent guest speakers on topics such as Personal Wealth Management, Investment Strategies and other areas critical to personal and professional success. You will also have opportunities to share experiences with your peers through networking lunches.

**Dates**
The program consists of three 3-day modules delivered in September – December 2017.

- September 29 – October 1, 2017 Module 1: Strategy and Operations
- November 3 – 5, 2017 Module 2: Finance & Accounting and Service Marketing
- December 1 – 3, 2017 Module 3: Managing People

**Course Leaders**

**Dr. Jim Armstrong** is the CEO of Aarm Dental Group. He is an MBA trained dentist through 2 MBA programs 12 years apart; and a past president of the BCDA. Jim serves on the Board of Directors for the Canadian Dental Association. Jim chairs the Economics Committee for the BCDA which produces the fee guide for the BCDA. His research and writing interests are in the areas of service marketing, econometric modelling, finance, and strategy/policy as it pertains to the dental profession.

**Dr. Mahesh Nagarajan** is an Associate Professor and Chair of the Operations and Logistics Division at the UBC Sauder School of Business. He teaches supply chain management, applied game theory and inventory management in the MBA core, and has consulted for organizations such as Mattel and Boeing, as well as companies in healthcare and retail.

**Dr. Tim Silk** teaches brand management, new product development and consumer behaviour at the UBC Sauder School of Business. His work focuses on consumer behaviour in pricing. An award-winning professor, he has taught at and consulted for companies including Bell, Best Buy and Visa. He is a leading expert on rebate promotions and has helped shape consumer-friendly policies for government agencies. Formerly, he was a marketing manager and a race car driver.

**Dr. Anthony Boardman** is the Van Dusen Professor of Business Administration at the UBC Sauder School of Business. His interests include strategic analysis and implementation and the effects of ownership on performance. He teaches strategic analysis to business executives internationally, and serves as a consultant to organizations on strategic and economic issues.

**Dr. Dr. Daniel Skarlicki** is the Edgar Kaiser Professor and Chair of Organizational Behaviour at the UBC Sauder School of Business, where he also teaches marketing and behavioural sciences. He has taught executive programs in organizations across North and South America, Europe and Asia. His clients include Cathay Pacific, the Government of Canada, Vancity and Glaxo. An active educator, he has won numerous teaching and research awards.

**Scott Sinclair** is a lecturer at the UBC Sauder School of Business. He has been actively involved in professional accounting education for more than 30 years. He was the principal author for the CA School of Business in Western Canada between 2000 and 2010, and has won multiple awards for teaching excellence. He has also worked for Coopers & Lybrand Chartered Accounts, serving small business and mining clients.
