CDE at UBC is an ADA CERP Recognized Provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses of instruction, nor does it imply acceptance of specific courses by the ADA. Concerns or complaints about a CE provider may be directed to the provider or to ADA CERP at www.ada.org/cerp.

Disclaimer:
Dental education institutions have an obligation to disseminate new knowledge related to clinical practice. Some presentations may include controversial materials or commercial references. Sponsorship of a presentation does not imply endorsement of a particular philosophy, procedure or product by The University of British Columbia.

This is a year long commitment. Cancellation only accepted until August 1, 2021. Registration is your commitment to the Basic Orthodontic Study Club.

Upon registration $695.00 of your payment will be non-refundable at any time.

Continuing Dental Education at The University of British Columbia reserves the right to cancel courses if deemed necessary by low enrolment, instructor cancellation or other unforeseen issues. In case of course cancellation a full refund will be issued.

Please register as early as possible in order to reserve a space!

CLINICIAN
Paul A. Witt, DDS, Dip Ortho, FRCD(C), received both his dental degree (1974) and a diploma in orthodontics (1979) from the University of Toronto. He has been practising full-time as a Certified Specialist in Orthodontics since 1979 and has been teaching orthodontics part-time since 1981. He is currently a Clinical Assistant Professor with the Graduate Orthodontics Program and the chief lecturer for the Orthodontic Module, both in the Faculty of Dentistry at the University of British Columbia.

Friday PM

| SESSION 1 | September 18, 2020 |

| SESSION 3 | November 06 |
| SESSION 4 | December 04 |
| SESSION 5 | January 15, 2021 |
| SESSION 6 | February 5 |
| SESSION 7 | March 12 |
| SESSION 8 | April 16 |
| SESSION 9 | May 7 |
| SESSION 10 | June 4 |
| SESSION 11 | July 16 |

COURSE OUTLINE
This course provides instruction in orthodontic examination, diagnosis, and treatment planning with emphasis on the goals, objectives, and realistic expectations of orthodontic treatment. Didactic instruction will be supplemented with clinical demonstrations, treatment case examples from a broad practice database, and "hands-on" experiences. Upon completion, participants should be able to:

1. Effectively evaluate the severity of malocclusions,
2. Assess and anticipate the degree of treatment difficulty
3. Critically evaluate the quality of orthodontic treatments and
4. Select and effectively treat those conditions appropriate for their level of training and experience

Completion of this program provides participants the opportunity to proceed to the advanced-level clinical participation courses in orthodontics currently offered by Continuing Dental Education at the University of British Columbia, on a space availability basis.
