

PORCELAIN VENEERS: A STEP BY STEP APPROACH

DR. NARIMAN AMIRI

Porcelain veneers offer our patients a valid option to improve the colour, shape and alignment of their anterior teeth. However, it is essential for a successful treatment to follow an appropriate case selection and to implement specific clinical protocols. Clinicians need to master how to properly treatment plan and execute tooth preparation, impression, temporization and cementation to achieve expected outcomes.

The focus of this hands-on program is to provide general dentists with key factors in achieving predictable esthetic outcomes with porcelain veneers. In the didactic section of this full day course, a comprehensive review of prosthodontic treatment planning as well as indications and contraindications for porcelain veneers will be provided. A systematic approach to tooth preparation, impression, temporization and cementation will be discussed. The hands-on component will be focused on preparation, impression and temporization of typodonts on the anterior teeth.

EDUCATIONAL OBJECTIVES

- Review indications and contraindications for porcelain veneers
- Discuss appropriate treatment planning for porcelain veneers
- Review clinical protocol for porcelain veneer fabrication including tooth preparation, impression, temporization and cementation
- Fabricate a matrix based on ideal waxup, prepare, impress and temporize maxillary anterior teeth on typodont
- Review the basics of digital work flow related to anterior aesthetic treatments (Intraoral scanner hands-on)

NARIMAN AMIRI, DMD, MHI, CERTIFICATE IN PROSTHODONTICS, FRCD(C)

is a graduate of the University of British Columbia in Dentistry, and is a board certified specialist in Prosthodontics from the University of Iowa. Dr. Amiri is in full time private practice in his state of the art clinic in Vancouver, dedicated to Prosthodontics and Implant dentistry and as part time clinical professor for graduate and undergraduate clinics in the Department of Prosthodontics at UBC. Dr. Amiri is the organizer and principal mentor for two study clubs (Boundary Prosthetic and Treatment Options in Prosthodontics) and lectures extensively in meetings and societies including UBC Continuing Education.

CANCELLATION POLICY

Limited Enrolment Courses require a minimum of 21 days notice for a full refund less \$75.00 administration fee. Cancellations made between 21 and 14 days prior to the first day of the program will receive a 50% refund. No refund will be granted for cancellations made less 14 days prior to the first day of the program. Continuing Dental Education at The University of British Columbia reserves the right to cancel courses or switch instructors if deemed necessary by low enrolment, instructor cancellation or other unforeseen issues. In case of course cancellation a full refund will be issued. COVID-19: In the event that a course is cancelled by UBC CDE due to an order, notice and/or guidance from BC's Provincial Health Officer, The University of British Columbia or any other governmental authority, tuition fees will be fully refunded.

ADA CERP® | Continuing Education
Recognition Program

CDE at UBC is an ADA CERP Recognized Provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. Concerns or complaints about a CE provider may be directed to the provider or to the Commission for Continuing Education Provider Recognition at ADA.org/CERP.

DISCLAIMER: Dental education institutions have an obligation to disseminate new knowledge related to dental practice. Some presentations may include controversial materials or commercial references. Sponsorship of a continuing education course by The University of British Columbia does not imply endorsement of a particular philosophy, procedure or product by The University of British Columbia. Fee in full must accompany registration. The tuition fee is deductible for Canadian Income Tax purposes. See cancellation policy.
