This course addresses breakthrough endodontic concepts and details the skills necessary for acquiring the expertise and confidence to perform the highest quality endodontics.

As a participant in our remote LIVE hands on programme, you will become familiar with the use of the “apex last” approach to canal shaping with nickel-titanium instrumentation using the Protaper GoldTM Rotary NiTi System. The end result is increased resistance to cyclic fatigue with more confidence in your hands.

Dr. Glassman will demonstrate in detail and the participant follow along remotely from their office or home, a technique to shape root canals utilizing a few simple tools that seamlessly integrate with each other to produce predictable glide path and conservative preparations.

Participants who attend the hands-on afternoon workshop will put the morning’s learning objectives into practice. Please note, registration for the hands-on portion will close September 18 to allow time for supplies to be shipped to each participant.

**LEARNING OBJECTIVES**

**LECTURE**
- Discuss criteria for successful endodontic procedure
- Discuss endodontic breakthroughs and essential endodontic concepts
- Discuss systematic diagnostic protocol
- Discuss emergency endodontic care

**HANDS-ON SESSION**
- Accurately locate the apical terminus and troubleshooting tips for apex locators
- Provide predictable Glide Paths using efficient orifice openers and NiTi rotary Glide Path files
- Shape the root canal space using Protaper GoldTM Rotary NiTi System in a safe and efficient manner

**CLINICIAN**

**GARY GLASSMAN, DDS, FRC(D(C)** graduated from the University of Toronto, Faculty of Dentistry in 1984 and was awarded the James B. Willmott Scholarship, the Mosby Scholarship and the George Hare Endodontic Scholarship for proficiency in Endodontics. A graduate of the Endodontology Program at Temple University in 1987, he received the Louis I. Grossman Study Club Award for academic and clinical proficiency in Endodontics.

The author of numerous publications, Dr. Glassman lectures globally on endodontics, is on staff at the University of Toronto, Faculty of Dentistry in the graduate department of endodontics. As Adjunct Professor of Dentistry and Director of Endodontic Programming from 2010-2017, Gary helped develop the dental school curriculum for the Oral Health Science programme for the University of Technology, Kingston, Jamaica.

Gary is a fellow of the Royal College of Dentists of Canada, Fellow of the American College of Dentists, endodontic editor for Inside Dentistry, Faculty Chair for DC Institute and Chief Dental Officer for dentalcorp Canada. He maintains a private practice, Endodontic Specialists in Toronto, Ontario, Canada.

**CANCELLATION POLICY**

Cancellations received up to 72 hours prior to the course will receive a 50% refund. No refunds will be given for cancellations received within 72 hours of the course.
