Welcome to the Faculty of Dentistry
DMD Class of 2024!!!
Objectives for today

- Student Affairs introduction
- Overview of important items to take care of before the program starts
- Enrollment Services Advisor’s presentation on Student Loans and Finances
- Q&A
Student Affairs holds integrity, compassion, inclusion, innovation and transparency as the core values that set the filter through which we make our decisions. In this manner we plan to foster a safe, inclusive and innovative environment where all Faculty of Dentistry students can grow, succeed and find diverse opportunities that engage and challenge them.

Examples of activities through the office of Student Affairs
Where can I find useful information?

UBC dentistry website
https://www.dentistry.ubc.ca/education/students/

UBC students website
https://students.ubc.ca
Important items you need to take care of before program starts

• Dentistry Intranet Profile
  • Contact Information Update
  • Biography on your Intranet Profile
  • Photo and Voice recording for your Intranet Profile

• Required Forms
• CPR Certificate
Important items you need to take care of before program starts

• Criminal Record Check

• Registration for 2020W
  • UBC Alumni Email
  • Obtain your UBC Student ID Card

• Immunizations
• The DMD Undergraduate Program uses an online program for dentistry-specific information such as curriculum schedule, required reading materials, absence reporting, academic policies and procedures manual, and notices.

• The URL for the Dentistry intranet is: https://secure.dentistry.ubc.ca/intranet/

• Your login credentials will be your CWL username and password, and you will have access once registration is completed.
Intranet Log in page

Login

Login using your Campus Wide Login (CWL)

CWL Login
All students are required to ensure their mailing address and contact information are up to date.

Please log onto your SSIC (Student Service Information Centre) to confirm your address and contact information. If there are any changes in the future, you must notify Student Affairs (studentservices@dentistry.ubc.ca)

Update your Dentistry Intranet profile (under Personal Settings) and adjust your information on SSC accordingly. UBC and Faculty of Dentistry require original documents such as marriage certificates or legal name change documents to recognize a change of name.
Student Information Service Centre (SISC)

The Student Information Service Centre (SISC) is geared to faculty and staff who perform student-related administrative and advising campus. Students should be accessing the Student Service Centre.

Installing and Launching the SISC (Faculty and Staff only)

Click on the button below to launch the SISC through your CWL account:

Login

No Java WebStart

Note: If you have more than one CWL account, please log in with the same account that you will use for the FSC.
• Write and Save your Student Biography on the dentistry intranet under your personal settings
• It should be less than 450 characters
• This biography will be shared with instructors, staff and students
Biography on your Intranet Profile

Courtney Pierce

Born and raised in Victoria BC, I’m a true island girl at heart. I completed my BA in Psychology at the University of Victoria and I’m very passionate about mental health and illness. I like to stay active and play music and movies. Reach out to me if you ever need someone to check out the new music or release of the new Café in town with. Absolutely thrilled for the next 4 years to come. Let’s make them count!

Rennie (Xunxi) Peng

Born in China, grew up in Seattle and Vancouver. I studied Psychology at UBC before joining the BSc in Combined Psychology and Business program. I am very passionate about music and movies. Reach out to me if you ever need someone to check out the new music or release of the new Café in town with. Absolutely thrilled for the next 4 years to come. Let’s make them count!

Nagar Nacqi Quint

Hi guys! I am Nagar currently living in North Van. Bill was born in China. I am 3 years of evolutionary psychology student at UBC. Fun fact about me is that I love to be competitive in archery but haven’t shot an arrow for a while. I love traveling and trying to see a new place each summer. I also like hiking, exploring the nature and trying new restaurants so if you have any suggestions please let me know. I am looking forward to our 4 years together!

Kyle Scallon

My name is Kyle. I grew up in West Vancouver and studied Life Sciences at Queen’s University in Kingston, Ontario. I am also a die-hard Toronto Maple Leafs hockey fan. You can find me on the North Shore mountains in the summer, skiing in the winter, or exploring the local food and craft brewery scene any time. I am an arts and sports fan – both watching and playing, particularly hockey – and am always happy to talk all things sports. Having always had a strong interest in finance, I am thrilled to be studying dentistry at UBC.

Travis Shen

Hi everyone! I was born and raised in Coquitlam. I did my undergraduate at UBC where I did a Combined Psychology and Business program. I’m a fan of basketball, try new restaurants, workout and get out for drinks with friends. I also love watching all kinds of sports including basketball, football and hockey. I’m really happy to be a part of the UBC OPGP team and I am excited for what’s to come in the next 4 years.

Sourav Sinha

Hi friends! I’m Sourav and I’m beyond excited to be coming to the BC dental school and be working at the new 4th floor Dental Clinic at the UBC dental school. I’m looking forward to meeting new faces and giving new teeth a new smile! I’m looking forward to expanding my knowledge and I’m excited to be part of the UBC OPGP team.

Hassan Solomon

Hi everyone! I am from Iraq and was partly raised in Australia. I studied in the BSc in Pharmacology and Toxicology program at University of Manchester and then moved to UBC for my Master in Pharmacology. I enjoy going on hikes on the North Shore, eating Korean food and Korean BBQ, and spending time with friends. I have also recently started hiking again on the weekend and I’m very excited to explore the city more on my bicycle. I look forward to spending an amazing four years full of fun, learning, nice work, and adventures with my new dental friends!

Katie Sloan

Hey everyone! I was born and raised in Kelowna and completed my BSc in Pharmaceutical Sciences at UBC. I have spent the last 10 years living in Houston or Austin, Texas, or exploring somewhere in the north. I can never pass up an opportunity to adventure! When I’m in BC, I love to hike with my golden retriever, snowboard, go for brunch, and try out local coffee shops. I am super excited to see what Vancouver has to offer over these next 4 years!

Morgan Varley

Hey everybody! I completed a BSc in Combined Psychology and Business at the University of Victoria. I’m not at all sad about being away from the city. I will find me off on a hike somewhere, playing sports, or enjoying wine, craft beer, and baby bugs. In the summer I like to spend my time on the lake, boating, while belonging to country music among friends. I’m very excited for what the UBC OPGP program has to offer!

Joshua Wang

Hi everyone! My name is Dave, and I was born and raised in Vancouver. I have spent an exciting 3 years at UBC working towards a BSc in Pharmacology & Immunology before I was fortunate enough to be accepted into the OPGP program, where I’m not at school or studying I like to hit up my go-to Tennessee restaurants, workouts, eat out, play sports, and binge watch TV shows. Looking forward to an amazing 4 years with everyone!

Dong Xiong (Peter) Wan

Born and raised in China and moved here in 2015. English is still a big struggle, but I managed to earn 3 degrees. I did my BSc and RDF here at UBC and I worked as a teacher for a while. I am still more used to being called Mr. Wan, but I am excited for this new chapter in life where I am not surrounded by teenagers. At UBC, I love sports and if you play soccer (basketball) or badminton, we will be good friends. Coca-cola products are my favorite if you are ever getting me one!

Gayneth Wong

Hi everyone! I was born and raised in North Vancouver and was finishing my BSc in Combined Major in Biology (combining life science, chemistry and earth and ocean sciences) at UBC before dental school. Some outdoor activities I enjoy are hiking and skiing. When the weather isn’t nice, I also enjoy going to the gym, reading and board games. I’m looking forward to the next four years with everyone!
Forms will be e-mailed to you. Please read them carefully, sign, and upload on your Intranet profile before the start of the program

- Professional Standards document
- UBC Dentistry Code of Ethics
- Consent to Use of Image
- Informed Consent for Students
- Release of Personal Information
As part of the DENT 410 – Professionalism & Community Service (PaCS) Module, you will be required to take part in Community Service Learning (CSL). The facilities you will have the opportunity to visit during this portion of the PaCS module range from long term care facilities to community centers and methadone clinics.

In light of this, Vancouver Coastal Health and UBC Faculty of Dentistry require all students entering the community to complete a standard criminal record check either through your local City Police or RCMP. When you file your application, you will need to do so in the city in which you presently reside.

For more details please refer to the e-mail we will send you after this meeting.
All students who begin Dental school require a review of their immunization status. Many students will require boosters, additional tests and/or immunizations – all of which takes time.

Make an appointment with **UBC Student Health Services** as soon as possible, beginning now.

To schedule an appointment with SHS, call (604) 822-7011.

Immunization Letter will be e-mailed to you.

Take with you all your records and all pertinent laboratory reports, along with the competed Immunization form.
• Registration for incoming students opens in **mid-June 2020** and should be completed by **August 1, 2020**.

• You will receive an email from Enrolment Services informing you that registration is open and how to register.

• All students must register online through the Student Services Centre at [http://students.ubc.ca/ssc](http://students.ubc.ca/ssc)
Your UBC alumni email account is your official UBC email address and will be the account UBC and UBC Dentistry use to communicate with you once you have registered.

All students must register for an account.

You require to have a HOST email and you will not be able to have a HOST email until you are registered.

Due to privacy laws and UBC Dentistry confidentiality requirements, all dentistry undergraduate and graduate students are required to respond/send emails, particularly if they contain any type of patient information through a designated UBC email account. Students who select the auto-forward selection rather than host email will NOT have the ability to reply/send through an UBC account as the account is forwarded to your personal email address and does not host an inbox.

Please ensure that you select HOST email when setting up your account.

To set-up an alumni email account, go to https://id.ubc.ca/

You cannot apply for an alumni email account until you have registered in your classes.
In order to communicate with your class, faculty, staff and students will use a list serve: i.e. DMD-2024@lists.ubc.ca

By the start of the program the list-serve will only contain your UBC alumni e-mails, and no personal e-mail accounts will be permitted.

Please be careful when replying to an e-mail sent through the list-serve.

Click on Reply only if you want everyone on the list-serve to receive your response.

If you would like to respond only to the person who sent an e-mail through the list-serve, you need to make sure you copy their address and paste it in the “To” field, or FW the email rather than reply.
Obtain your UBC Student ID Card

- You can obtain your UBC Student ID Card at the UBC Bookstore
- It can be ordered online in advance of collection by following this link: https://ubccard.ubc.ca/obtaining-a-ubccard/students
- Once you have your Student ID Card, e-mail your i class # to Student Affairs at: studentservices@dentistry.ubc.ca
- The iClass number is located in the back of your Student ID card, in the right bottom corner. This is the 5 digit number following the asterix (*)
Obtain your UBC Student ID Card
• Throughout your training you are required to maintain a Health Care Provider level CPR (adult, child and infant) + AED certification. CPR methods have greatly evolved over the past decade and continue to go through annual revisions as research progresses. For this reason, although your CPR card may say it is valid for two or three years, it is essential for dental students to recertify annually, at the Health Care Provider (HCP) level.

• To ensure everyone is current and has been taught the most up to date standards, it is strongly advised that students renew their CPR certification upon beginning school.
