

SURGICAL CROWN LENGTHENING FOR GENERAL PRACTITIONERS

DRS. HANNU LARJAVA & MARISSA GARCIA

Fractured teeth with sufficient root support can often be rescued by a combination of surgical crown lengthening and prosthodontic rehabilitation. Treated anterior teeth for better esthetics also often requires surgical crown lengthening.

BACK BY POPULAR DEMAND!

The focus of this lecture and hands-on program is to provide general practitioners the necessary background information and practical training using animal mandibles to perform surgical crown lengthening procedure. In the didactic section of the course, the following topics will be covered:

- Surgical anatomy as it relates to crown lengthening surgery
- Surgical instruments needed to perform the procedure
- Indications, contraindications and alternative approaches to surgical crown lengthening
- Surgical crown lengthening in the posterior dentition
- Anterior crown lengthening surgery
- Postoperative care

EDUCATIONAL OBJECTIVES

- Manage full thickness flaps needed for surgical crown lengthening
- Apply principles of osseous surgery
- Understand and apply the principles of the biological width required for ideal restorative work
- Practice suturing techniques using single interrupted and continuous sutures
- Apply surgical dressing

HANNU LARJAVA, DDS, PHD, DIPPERIO graduated from the University of Turku, Finland, in 1978 (DDS) and earned his PhD from the same institution in 1984. He then specialized in periodontics (1987) and moved to the NIH for a postdoctoral fellowship. In 1988, Dr. Larjava was invited to the University of Alabama in Birmingham where he spent 1.5 years as an Associate Professor performing research work and clinical teaching. After a short time in Finland, Dr. Larjava was appointed as the Chair, Division of Periodontics at the University of British Columbia in 1993 which position he currently retains. He has also served for many years as the Director and Acting Director of Graduate Periodontics.

Currently, he is also the Head of Oral Biological and Medical Sciences department. Dr. Larjava has an active research interest in the pathogenesis of periodontal disease and oral wound healing supported for many years through the Canadian Institutes of Health Research, the National Institutes of Health, Foundations and other sources. He has published over 180 publications in peer-reviewed international journals. Dr. Larjava has lectured nationally and internationally in numerous CE courses and conferences.

MARISSA GARCIA, DDS, MSC, DIPPERIO is a board Certified Periodontist and has been working in private practice since 2006. Dr. Garcia is currently a Clinical Associate Professor at the University of British Columbia and has served as the Director of the

Undergraduate Periodontics Program for 12 years. She obtained her dental degree and a Diploma in Periodontics at the Cayetano Heredia University, Lima, Peru, before pursuing a Diploma in Periodontics and Masters in Science degree at UBC. During her studies she earned the Joseph Tonzetich Fellowship (2005) which is awarded to students with superior research ability in the field of Oral Biochemistry. In recognition of her teaching at UBC, Dr. Garcia earned the prestigious W.W. Wood Award (2014) for excellence in education and twice received the American Academy of Periodontology Educator Award (2008 and 2015).

CANCELLATION POLICY

Fee in full must accompany registration. Limited Enrolment Courses require a minimum of 21 days notice for a full refund less \$75 administration fee. Cancellations made between 21 and 14 days prior to the first day of the program will receive a 50% refund. No refund will be granted for cancellations made less than 14 days prior to the first day of the program. Unlimited Enrolment Courses: registrants withdrawing one week prior to the course will be refunded less a \$75 administration fee. No refunds will be granted for cancellations made less than one week prior to the course date. Continuing Dental Education at The University of British Columbia reserves the right to cancel courses or switch instructors if deemed necessary by low enrolment, instructor cancellation or other unforeseen issues. In case of course cancellation a full refund will be issued.

ADA CERP® | Continuing Education
Recognition Program

CDE at UBC is an ADA CERP Recognized Provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. Concerns or complaints about a CE provider may be directed to the provider or to the Commission for Continuing Education Provider Recognition at ADA.org/CERP.

DISCLAIMER: Dental education institutions have an obligation to disseminate new knowledge related to dental practice. Some presentations may include controversial materials or commercial references. Sponsorship of a continuing education course by The University of British Columbia does not imply endorsement of a particular philosophy, procedure or product by The University of British Columbia. See cancellation policy.

**SATURDAY
DECEMBER 5, 2020**

TUITION: (LECTURE + WORKSHOP):

	until Oct 30	after Oct 30
Dentists	\$695	\$760

6 hours of instruction

*Includes handouts, continental breakfast, lunch, and supplies for hands-on workshop**

(LECTURE ONLY):

	until Oct 30	after Oct 30
Dentists	\$205	\$225
Allied Dental Professionals	\$115	\$125

3 hours of instruction

Includes handouts and continental breakfast

**Please bring your scrubs, loupes and headlights for the hands-on workshop.*

TIMES:

Registration Begins:	8:30 AM
Lecture Begins:	9:00 AM
Lunch:	12:00 PM
Workshop Begins:	1:00 PM
Workshop Ends:	4:00 PM
