60 MINUTE REVIEW OF NITROUS OXIDE AND OXYGEN SEDATION & 60 MINUTE REVIEW OF LOCAL ANESTHESIA TECHNIQUES

LYNNE MORGAN

60 MINUTE REVIEW OF NITROUS OXIDE AND OXYGEN SEDATION

COURSE DESCRIPTION: This course is a concise, evidence-based overview in nitrous oxide/oxygen sedation. A review of the properties, physiology, and administration of nitrous oxide/oxygen sedation will be presented.

EDUCATIONAL OBJECTIVES:
1. Appreciate the significance of nitrous oxide/oxygen sedation in dentistry
2. Recognize the physical properties of nitrous oxide
3. Discuss the pharmacokinetic properties (interactions within the body) of nitrous oxide
4. Understand the steps for appropriate administration of nitrous oxide/oxygen sedation

60 MINUTE REVIEW OF LOCAL ANESTHESIA TECHNIQUES

COURSE DESCRIPTION: This course is a concise, evidence-based overview in modifications to specific local anesthesia techniques. A review in alternative administration of local anesthesia will be presented.

EDUCATIONAL OBJECTIVES:
1. Review anatomy and target areas for better delivery of profound local anesthesia, with an emphasis in the inferior alveolar nerve block technique
2. Describe specific modifications and reason for modifications in various injection techniques
3. Restore confidence in the ability to successfully achieve profound local anesthesia

CLINICIAN

LYNNE MORGAN, RDH, MS, MA, is an Adjunct Dental Hygiene Faculty, Division of Dental Hygiene and Division of Periodontology, teaches dental anatomy, local anesthesia, and nitrous oxide sedation to dental hygiene students and periodontal instrumentation to first- and second-year dental students. She is also involved in teaching local anesthesia and nitrous oxide sedation to practicing dental hygienists in a series of continuing education courses. Additional responsibilities include clinical dental hygiene instruction to second-year dental hygiene students, periodontal instrumentation to first- and second-year dental students, as well as clinical instruction to third- and fourth-year dental students. Her interests focus on curriculum and instructional design. She has received several teaching awards and is a committee member for Dental Hygiene Admissions. Ms. Morgan holds a Certificate in Dental Hygiene from Mott Community College, B.S. in Healthcare Administration from the University of Michigan-Flint, an M.S. in Health Education from the University of Michigan-Flint, and an M.A. in Curriculum and Instruction from the University of Detroit Mercy.

CANCELLATION POLICY
Cancellations received up to 72 hours prior to the course will receive a 50% refund. No refunds will be given for cancellations received within 72 hours of the course. Please note that Zoom will allow you to cancel out of a Zoom event at any time, however, all cancellations for this course must be made directly with UBC in accordance with this UBC CDE cancellation policy. Continuing Dental Education at The University of British Columbia reserves the right to cancel courses or switch instructors if deemed necessary by low enrollment, instructor cancellation or other unforeseen issues. In case of course cancellation by UBC CDE a full refund will be issued.

The Association of Continuing Dental Education (ACDE) brings together individuals who represent college- and university-based continuing dental education programs associated with accredited dental schools in Canada and the United States. The ACDE is here to serve you, the dental professional, in delivering high quality, evidence-based continuing dental education programs to meet your educational needs.

The University of British Columbia, Continuing Dental Education in conjunction with the ACDE, and along with 30 of its member schools, jointly presents the “ACDE Webinar Series”. This series features university-based key opinion leaders presenting on numerous topics on multiple dates and times. Presentations are available to meet every dental health care professional’s schedule and interests.

Please visit dentistry.ubc.ca/cde for a list of ACDE webinar offerings.
