IMPLICIT BIAS IN DENTISTRY: WHAT WE DON’T THINK WE THINK

DR. SHAISTA RASHID

The webinar will explore implicit bias and research studies showing the prevalence and potential impact of implicit bias on students’ clinical and learning environments. Evidence-based strategies and skills will be discussed to mitigate our own biases and provide a safe and unbiased clinical environment for the patients.

EDUCATIONAL OBJECTIVES

• Define implicit bias and understand the difference between implicit and explicit bias
• Increase self-awareness of implicit bias
• Recognize how implicit bias can impact the clinical and learning environment
• Strategies to mitigate the impact of implicit bias

The Association of Continuing Dental Education (ACDE) brings together individuals who represent college-and university-based continuing dental education programs associated with accredited dental schools in Canada and the United States. The ACDE is here to serve you, the dental professional, in delivering high quality, evidence-based continuing dental education programs to meet your educational needs.

The University of British Columbia, Continuing Dental Education in conjunction with the ACDE, and along with 30 of its member schools, jointly presents the “ACDE Webinar Series”. This series features university-based key opinion leaders presenting on numerous topics on multiple dates and times. Presentations are available to meet every dental health care professional’s schedule and interests. Please visit dentistry.ubc.ca/cde for a list of ACDE webinar offerings.

The Association of Continuing Dental Education (ACDE) is recognized in the United States by the American Dental Association (ADA) and in Canada by the Academy of Continuing Dental Education (ACDE) for the provision of postgraduate education in the fields of dental hygiene, dentistry, dental hygiene, and dentistry.

The American Dental Association Continuing Education Recognition Program (CE-RECO) recognizes programs offered by accredited dental schools in the United States that meet specific criteria established by the ADA. The CE-RECO program provides a method for veterinary professionals to verify continuing education program credit hours that meet the requirements for licensure, registration, or certification.

The University of British Columbia, Continuing Dental Education is an ADA CERP Recognized Provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. Concerns or complaints about a CE provider may be directed to the Commission on Continuing Education Provider Recognition at ADA.org/CERP.

DISCLAIMER: Dental education institutions have an obligation to disseminate new knowledge related to dental practice. Some presentations may include controversial materials or commercial references. Sponsorship of a continuing education course by The University of British Columbia does not imply endorsement of a particular philosophy, procedure or product by The University of British Columbia. Fee in full must accompany registration. The tuition fee is deductible for Canadian Income Tax purposes. See cancellation policy.
