Dental Cone Beam CT (CBCT) has been commercially available for more than twenty years. In this course, we will review several emerging multi-disciplinary uses for CBCT beyond its original primary use in dental implant planning. We will also review the following: imaging technology, including a short history of its use in dentistry, increasing use of CBCT for 3D modeling and printing for diagnostics, and a fully digital implant workflow. This webinar will also look at navigated implant surgery, navigated endodontics, including Orthograde, Endodontic therapy, and Apical endodontic surgery. We will discuss the development of the fully digital patient and the future considerations for the use of CBCT.

EDUCATIONAL OBJECTIVES

• Describe the rationale for the use of CBCT in modern dental practice
• Discuss new and emerging CBCT technologies that will soon become commonplace
• Describe potential CBCT technologies that may soon be available for use in dentistry

CLINICIAN

JEFFERY B. PRICE, DDS, MS, is a Clinical Professor of Oral & Maxillofacial Radiology and Director of Oral & Maxillofacial Radiology at the University of Maryland School of Dentistry in Baltimore, MD and is board certified by the American Board of Oral & Maxillofacial Radiology. In addition, he is an Adjunct Associate Professor of Oral & Maxillofacial Radiology at the UNC School of Dentistry in Chapel Hill, NC. Before entering Oral & Maxillofacial Radiology, Dr. Price practiced general and adult restorative dentistry in Hendersonville, NC for 24 years. While in practice, Dr. Price completed the continuum at the L.D. Pankey Institute in Key Biscayne, FL; in addition, he attained his Mastership in the Academy of General Dentistry as well as Diplomate status in the International Congress of Oral Implantologists. Dr. Price is currently a North American Director for the International Association of Dento-Maxillofacial Radiologists. He serves as Secretary of the Board as well as Director of Education for the IADMFR. He is on the Editorial Board for the DMFR Journal, reviews for the OOOO Journal and also serves on the AGD Self-Instruction Committee which administers the CE quizzes in the AGD Journal, General Dentistry.

CANCELLATION POLICY

Cancellations received up to 72 hours prior to the course will receive a 50% refund. No refunds will be given for cancellations received within 72 hours of the course. Please note that Zoom will allow you to cancel out of a Zoom event at any time, however, all cancellations for this course must be made directly with UBC in accordance with this UBC CDE cancellation policy. Continuing Dental Education at The University of British Columbia reserves the right to cancel courses or switch instructors if deemed necessary by low enrolment, instructor cancellation or other unforeseen issues. In case of course cancellation by UBC CDE a full refund will be issued.

The Association of Continuing Dental Education (ACDE) brings together individuals who represent college-and university-based continuing dental education programs associated with accredited dental schools in Canada and the United States. The ACDE is here to serve you, the dental professional, in delivering high quality, evidence-based continuing dental education programs to meet your educational needs.

The University of British Columbia, Continuing Dental Education in conjunction with the ACDE, and along with 30 of its member schools, jointly presents the “ACDE Webinar Series”. This series features university-based key opinion leaders presenting on numerous topics on multiple dates and times. Presentations are available to meet every dental health care professional’s schedule and interests.

Please visit dentistry.ubc.ca/cde for a list of ACDE webinar offerings.
