Digital dentistry is revolutionizing the way we practice dentistry and provide patient care. Understanding the indications and limitations of digital dentistry enhances a clinician’s ability to provide restorative and orthodontic care. There are many systems available making it difficult for clinicians to choose from the available options. This course presents new applications for digital dentistry for the pediatric patient that are diverse and range from diagnostics to appliance fabrication. Cases using different digital workflows for pediatric patients will be presented to illustrate the diverse applications that digital dentistry can have in the provision of oral health care to the pediatric population. This course will provide practical information on applications of digital dentistry from diagnostics to restorations and appliances that can be adopted in your practice.

EDUCATIONAL OBJECTIVES

• Understand how current digital workflows can be used for managing pediatric dental patients
• Evaluate and adopt digital workflows supporting treatment from impressions to appliances

CLINICIAN

TIM WRIGHT DDS, MS, received his DDS degree from West Virginia University and completed his Pediatric Dentistry training and Master of Science Degree at the University of Alabama at Birmingham. He currently is the Distinguished Bawden Professor in the Division of Pediatric and Public Health at The University of North Carolina, Chapel Hill and has served as Pediatric Dentistry Department Chair and Department of Endodontics Department Interim Chair. He is a Diplomat of the American Board of Pediatric Dentistry and a Fellow of the American Academy for the Advancement of Science and is a Past President of the AADR. He has published over 200 peer reviewed scientific manuscripts, edited two texts and authored 24 text chapters. Dr. Wright has recently been named the Editor in Chief of the Journal of the American Dental Association.

CANCELLATION POLICY

Cancellations received up to 72 hours prior to the course will receive a 50% refund. No refunds will be given for cancellations received within 72 hours of the course. Please note that Zoom will allow you to cancel out of a Zoom event at any time, however, all cancellations for this course must be made directly with UBC in accordance with this UBC CDE cancellation policy. Continuing Dental Education at The University of British Columbia reserves the right to cancel courses or switch instructors if deemed necessary by low enrolment, instructor cancellation or other unforeseen issues. In case of course cancellation by UBC CDE a full refund will be issued.

ADA CERP

CDE at UBC is an ADA CERP Recognized Provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors; nor does it imply acceptance of credit hours by boards of dentistry. Concerns or complaints about a CE provider may be directed to the provider or to the Commission for Continuing Education Provider Recognition at ADA.org/CERP.
