The go-to material of choice for posterior Class II restorations is resin composite. Despite our best efforts, complications with the direct placement of composite happen—sensitivity, marginal overhangs, chipping, and de-bonding just to name a few. Dr. Brock combines over twenty years of clinical experience in private practice with original research by his team at the University of Louisville School of Dentistry to provide practical solutions to these far too common complications.

EDUCATIONAL OBJECTIVES

- Properly diagnose common complications associated with posterior Class II composite restorations.
- Identify potential problems before they escalate.
- Learn how to prevent complications by understanding the most common factors that cause them.

CLINICIAN

DAVID P. BROCK, DMD, MS, ASSISTANT PROFESSOR, GRADUATE PROGRAM IN PROSTHODONTICS, UNIVERSITY OF LOUISVILLE SCHOOL OF DENTISTRY, graduated from Harvard University with his DMD and received his certification and Master’s degree in Prosthodontics from Loma Linda University.

He is a member of the American College of Prosthodontics (ACP) and prior to joining the University of Louisville School of Dentistry, he had his own private practice in Monterey CA.

CANCELLATION POLICY

Cancellations received up to 72 hours prior to the course will receive a 50% refund. No refunds will be given for cancellations received within 72 hours of the course. Please note that Zoom will allow you to cancel out of a Zoom event at any time, however, all cancellations for this course must be made directly with UBC in accordance with this UBC CDE cancellation policy. Continuing Dental Education at The University of British Columbia reserves the right to cancel courses or switch instructors if deemed necessary by low enrolment, instructor cancellation or other unforeseen issues. In case of course cancellation by UBC CDE a full refund will be issued.

The Association of Continuing Dental Education (ACDE) brings together individuals who represent college-and university-based continuing dental education programs associated with accredited dental schools in Canada and the United States. The ACDE is here to serve you, the dental professional, in delivering high quality, evidence-based continuing dental education programs to meet your educational needs.

The University of British Columbia, Continuing Dental Education in conjunction with the ACDE, and along with 30 of its member schools, jointly presents the “ACDE Webinar Series”. This series features university-based key opinion leaders presenting on numerous topics on multiple dates and times. Presentations are available to meet every dental health care professional’s schedule and interests.

Please visit dentistry.ubc.ca/cde for a list of ACDE webinar offerings.
