

## ANKYLOGLOSSIA IN INFANTS

LEARN THE DIAGNOSIS, EFFECTS AND MANAGEMENT FOR TONGUE TIE AND LIP TIE IN INFANTS

DR. JAMES CHEN

In the last few years the amount of research in the field of tongue tie and lip tie has increased significantly, resulting in a greater understanding of the concept of tethered oral tissue. Furthermore, discussion of lip and tongue tie has appeared in news articles as well as online forums, making the information and misinformation more available to professionals and the general public alike.

More and more tongue tie and lip tie are being diagnosed. Surgical intervention is being done at a much higher frequency. Dentists are the top choices to do such procedures due to dentists' understanding and familiarity of the oral cavity. This course helps in understanding the concept of tongue tie and the effects of the surgical procedure.

### EDUCATIONAL OBJECTIVES

- Learn what ankyloglossia (tongue tie) and lip tie are exactly
- Gain a general understanding of how a tongue tie and lip tie can affect breastfeeding and other important functions such as speech and sleep
- Learn to classify and identify different types and severity of tongue tie and lip tie
- Be familiar with how frenectomy for infants is done and the supports and tools associated with it
- Understand the myths and controversies related to tongue tie and lip tie

### CLINICIAN

**JAMES CHEN, DMD** graduated from UBC biochemistry in 2011. After taking a year off, he started his dental journey at UBC dentistry and graduated in 2016. Since then, he has relocated to the Comox Valley on Vancouver Island. As of 2021 Dr. Chen has become a proud owner of Downstream Dental in the Comox Valley. While the office is a general family practice, it has a focus on kids and infants. Dr. James Chen has three young kids and enjoys family time more than anything.

### CANCELLATION POLICY

Cancellations received 72 hours prior to the course date will receive a 50% refund. No refunds given for cancellations made within 72 hours of the course. Continuing Dental Education at The University of British Columbia reserves the right to cancel courses or switch instructors if deemed necessary by low enrolment, instructor cancellation or other unforeseen issues. In case of course cancellation by UBC CDE a full refund will be issued.

CDE at UBC is an ADA CERP Recognized Provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. Concerns or complaints about a CE provider may be directed to the provider or to the Commission for Continuing Education Provider Recognition at ADA.org/CERP.

**DISCLAIMER:** Dental education institutions have an obligation to disseminate new knowledge related to dental practice. Some presentations may include controversial materials or commercial references. Sponsorship of a continuing education course by The University of British Columbia does not imply endorsement of a particular philosophy, procedure or product by The University of British Columbia. Fee in full must accompany registration. The tuition fee is deductible for Canadian Income Tax purposes. See cancellation policy.
