

Periodontal Update for the Hygiene Team:

Connections Between System and Periodontal Disease & Overview of the New Classification of Periodontal and Peri-Implant Diseases and Conditions

Dr. Maninder Kaur

Connections Between System and Periodontal Disease: There is emerging evidence to support the existence of a two-way relationship between some systemic diseases and periodontitis, with systemic inflammation increasing the risk for periodontitis, and periodontal inflammation negatively affecting systemic health. Understanding of this relationship and incorporating strategies for chair side screening and making appropriate referrals and management of these patients will help dental care providers to better address patients' oral and overall health and will also strengthen the role of dental hygienist as an integral component of the interdisciplinary healthcare.

Overview of the New Classification of Periodontal and Peri-Implant Diseases and Conditions: A new periodontal classification system emerged from the American Academy of Periodontology (AAP) and the European Federation of Periodontology (EFP) 2017 World Workshop on the Classification of Periodontal and Peri-Implant Diseases and Conditions. This new classification system will allow dental hygienists and dentists to individualize periodontal care for the patients and address multidimensional factors to provide comprehensive therapy and to improve the oral health outcomes.

EDUCATIONAL OBJECTIVES

- Understand the underlying mechanism linking systemic diseases and periodontitis
- Learn how dentists and hygienists can incorporate strategies to screen and identify patients with undiagnosed diabetes and make the necessary referral and educate them on oral-systemic link to present dental care in the framework of overall health
- Review the new periodontal classification with focus on the case based review of the multidimensional staging and grading system for the periodontitis diagnosis

CLINICIAN

MANINDER KAUR, BDS, MPH, MS, is an Assistant Professor and Predoctoral Periodontal Program Director in the Department of Periodontology, at the University of Alabama at Birmingham, School of Dentistry. She received her dental degree from SGRD Institute of Dental Sciences and Research, India (2003) and received her Master's in Public Health (2008), Masters in Clinical Dentistry and completed Residency Program in Periodontics (2013) from the University of Alabama at Birmingham. Dr. Kaur is a Diplomate of the American Board of Periodontology and lectures on clinical periodontics, inter-relationship between oral and systemic health and dental implantology.

Harmon serves on the advisory board for the National Center for Dental Hygiene Research & Practice and served as the President of the North Carolina Dental Hygienists' Association. She is an active member of the American Dental Hygienists' Association, American Dental Education Association, and Sigma Phi Alpha. In addition to these leadership roles, she is a strong advocate for oral health and overall wellness and enjoys speaking nationally for Dental Hygiene Academy.

CANCELLATION POLICY

Cancellations received up to 72 hours prior to the course will receive a 50% refund. No refunds will be given for cancellations received within 72 hours of the course. Please note that Zoom will allow you to cancel out of a Zoom event at any time, however, all cancellations for this course must be made directly with UBC in accordance with this UBC CDE cancellation policy. Continuing Dental Education at The University of British Columbia reserves the right to cancel courses or switch instructors if deemed necessary by low enrolment, instructor cancellation or other unforeseen issues. In case of course cancellation by UBC CDE a full refund will be issued.

ADA C.E.R.P.[®] | Continuing Education Recognition Program

CDE at UBC is an ADA CERP Recognized Provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. Concerns or complaints about a CE provider may be directed to the provider or to the Commission for Continuing Education Provider Recognition at ADA.org/CERP.

DISCLAIMER: Dental education institutions have an obligation to disseminate new knowledge related to dental practice. Some presentations may include controversial materials or commercial references. Sponsorship of a continuing education course by The University of British Columbia does not imply endorsement of a particular philosophy, procedure or product by The University of British Columbia. Fee in full must accompany registration. The tuition fee is deductible for Canadian Income Tax purposes. See cancellation policy.

THURSDAY
AUGUST 25, 2022
5:00 PM - 7:00 PM (PACIFIC)
(2 Hours of Instruction)

COST:

\$99 CAD

No discounts or waivers are available for the ACDE webinar series.

Association For Continuing Dental Education

The Association of Continuing Dental Education (ACDE) brings together individuals who represent college- and university-based continuing dental education programs associated with accredited dental schools in Canada and the United States. The ACDE is here to serve you, the dental professional, in delivering high quality, evidence-based continuing dental education programs to meet your educational needs.

The University of British Columbia, Continuing Dental Education in conjunction with the ACDE, and along with 30 of its member schools, jointly presents the "ACDE Webinar Series". This series features university-based key opinion leaders presenting on numerous topics on multiple dates and times. Presentations are available to meet every dental health care professional's schedule and interests.

Please visit dentistry.ubc.ca/cde for a list of ACDE webinar offerings.
