

Clinical Instructors Needed

UBC Dentistry is looking for clinical instructors to supervise DMD and DHDP students in our Clinics. Please consider sharing your knowledge and expertise.

UBC Dentistry seeks practicing dentists and dental hygienists to join us as clinical instructors in our general dentistry and dental hygiene clinics. Our clinical instructors supervise all dentistry procedures (clinical examinations, dental hygiene, operative dentistry, crown and bridge, complete and partial dentures, some emergency care, and some periodontics) except endodontics and oral surgery, which specialists supervise.

Clinics run from 9:30 am-12:30 pm and 2:00-5:00 pm Monday through Friday. Most instructors join us for one 3-hour clinic session per week, but we can schedule instructors for up to four 3-hour clinic sessions per week. If you need to miss a scheduled session, we can accommodate you – just let us know.

For each 3-hour session, we provide \$100 remuneration and complimentary parking. In addition, the hours you teach DMD students can be applied towards Continuing Education credits (up to a maximum of 20 credits per year). DMD teaching hours also count towards the Continuous Practice hours for the BC College of Oral Health Professionals.

Why should you teach?

- Help shape the next generation of professionals while enjoying a dynamic environment
- Experience new state-of-the-art dental technologies
- Be part of a teaching team and share your experience with dental colleagues
- Network and socialize with peers
- Receive one complimentary CDE unlimited enrollment course per term in which you teach
- Gain access to the Woodward Library
- Enjoy special discounts on many local attractions and services

If you would like more information or if you would like to join our clinical instructor team, please reach out by email to either:

DMD Program

Dr. Michael Flunkert (mflunkert@dentistry.ubc.ca) or Dr. Lamia El-Adwar (lamia@dentistry.ubc.ca)

DHDP Program

Ms. Jelena Karan (jelena.karan@dentistry.ubc.ca) or Ms. Susan Schmitz (sschmitz@dentistry.ubc.ca)

Thank you for considering this exciting opportunity to share your knowledge and expertise with the next generation of dental professionals.
