

EVOLVING YOUR PRACTICE WITH COMPREHENSIVE IMPLANT DENTISTRY: Prosthetic & Surgical Treatment

Provided by the Same Hands

DR. HERBERT M. MENDLESON

The primary goal of this program is to help general dentists find their “dental implant comfort zone.” We live in a day and age where dental implants have essentially become the standard of care for missing teeth and the more involved and knowledgeable a well-trained general dentist is, the more comprehensive the care they can provide for their patients. Having the skill set that allows a dentist to treatment plan, surgically place, and prosthetically restore dental implants, puts him/her in a position to truly deliver comprehensive implant care, hence improving the quality of their patients’ lives, while elevating the level of their dental practice. Implant dentistry is, and must always be treated as a prosthetically driven discipline, so doesn’t it make sense the dentist who will be restoring the implants is the best suited to place the implants in the most optimal locations for their future restorations? Remember, dental implants are not placed because our patients have titanium deficiencies; they’re placed with the intention to restore our patients to proper form and function.

EDUCATIONAL OBJECTIVES

- How to transition your practice into an implant practice
- How to select appropriate implant cases
- How to properly design implant treatment plans
- Proper site development: conservative extraction and predictable bone grafting techniques
- Surgical techniques for the placement of endosteal implants
- Utilizing implant restorations

CLINICIAN

HERBERT M. MENDLESON DDS, FAGD, DICOI, DABOI/ID has extensive experience in implantology both as a practitioner and instructor. A George Washington University graduate, he earned his DDS from the Medical College of Virginia, completed an AEGD residency at the University of Pennsylvania, and has been in private practice in Owings Mills, MD., for the past 27 years. Now a clinical instructor with UMSOD’s Department of General Dentistry, Mendleson is the director of the Dental Implant Continuum. In addition, he has taught both Surgical and Prosthetic Implant Dentistry at the New York University College of Dentistry since 2000 as well as lectured internationally on Prosthodontics – Fixed and Removable; Practice Management; and Advanced Surgical Techniques. He is

a Diplomate of the American Board of Oral Implantology/ Implant Dentistry as well as the International Congress of Oral Implantologists.

CANCELLATION POLICY

Cancellations received up to 72 hours prior to the course will receive a 50% refund. No refunds will be given for cancellations received within 72 hours of the course. Please note that Zoom will allow you to cancel out of a Zoom event at any time, however, all cancellations for this course must be made directly with UBC in accordance with this UBC CDE cancellation policy. Continuing Dental Education at The University of British Columbia reserves the right to cancel courses or switch instructors if deemed necessary by low enrolment, instructor cancellation or other unforeseen issues. In case of course cancellation by UBC CDE a full refund will be issued.

CDE at UBC is an ADA CERP Recognized Provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. Concerns or complaints about a CE provider may be directed to the provider or to the Commission for Continuing Education Provider Recognition at ADA.org/CERP.

DISCLAIMER: Dental education institutions have an obligation to disseminate new knowledge related to dental practice. Some presentations may include controversial materials or commercial references. Sponsorship of a continuing education course by The University of British Columbia does not imply endorsement of a particular philosophy, procedure or product by The University of British Columbia. Fee in full must accompany registration. The tuition fee is deductible for Canadian Income Tax purposes. See cancellation policy.

MONDAY
MAY 1, 2023
5:00 PM - 7:00 PM (PACIFIC)
(2 Hours of Instruction)

COST:

\$99 CAD

Association For Continuing Dental Education

The Association of Continuing Dental Education (ACDE) brings together individuals who represent college- and university-based continuing dental education programs associated with accredited dental schools in Canada and the United States. The ACDE is here to serve you, the dental professional, in delivering high quality, evidence-based continuing dental education programs to meet your educational needs.

The University of British Columbia, Continuing Dental Education in conjunction with the ACDE, and along with 30 of its member schools, jointly presents the “ACDE Webinar Series”. This series features university-based key opinion leaders presenting on numerous topics on multiple dates and times. Presentations are available to meet every dental health care professional’s schedule and interests.

Please visit dentistry.ubc.ca/cde for a list of ACDE
