The prevalence of noncarious cervical lesions (NCCLs) has increased in the past years because of changes in lifestyle and population aging. This course will offer a complete discussion of NCCLs, covering all the clinical aspects with the best evidence available. The different etiological factors will be presented, focusing on their role in lesion development and progression. The course will also cover the risk factors, relation to dentin hypersensitivity, strategies to prevent, and protocols for the comprehensive management/treatment of NCCLs.

**EDUCATIONAL OBJECTIVES**

- Describe the prevalence and etiology of NCCLs
- Identify risk factors in the development of NCCLs
- Describe NCCLs classification, clinical signs, and symptoms
- Understand the relation between NCCLs and dentin hypersensitivity
- Compare treatment options for different clinical scenarios
- Compare treatment options for different clinical scenarios. Apply strategies for prevention and comprehensive management of NCCLs

**CLINICIAN**

AMANDA RIBEIRO WODBIDO, DDS, MS, is a clinical instructor at the University of Nebraska Medical Center – College of Dentistry. She was a visiting research assistant at UNMC – College of Dentistry in 2019, in which she worked with Dr. Luana Oliveira-Haas on a Diversity Grant focused on NCCLs. She is also a member and researcher of the Noncarious Lesions Research Group in Uberlandia – Brazil, where she received her master’s degree.

**CANCELLATION POLICY**

Cancellations received up to 72 hours prior to the course will receive a 50% refund. No refunds will be given for cancellations received within 72 hours of the course. Please note that Zoom will allow you to cancel out of a Zoom event at any time, however, all cancellations for this course must be made directly with UBC in accordance with this UBC CDE cancellation policy. Continuing Dental Education at The University of British Columbia reserves the right to cancel courses or switch instructors if deemed necessary by low enrolment, instructor cancellation or other unforeseen issues. In case of course cancellation by UBC CDE a full refund will be issued.

---

The Association of Continuing Dental Education (ACDE) brings together individuals who represent college-and university-based continuing dental education programs associated with accredited dental schools in Canada and the United States. The ACDE is here to serve you, the dental professional, in delivering high quality, evidence-based continuing dental education programs to meet your educational needs.

The University of British Columbia, Continuing Dental Education in conjunction with the ACDE, and along with 30 of its member schools, jointly presents the “ACDE Webinar Series”. This series features university-based key opinion leaders presenting on numerous topics on multiple dates and times. Presentations are available to meet every dental health care professional’s schedule and interests. Please visit dentistry.ubc.ca/cde for a list of ACDE webinar offerings.

The Association of Continuing Dental Education (ACDE) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.
