Diagnosis and appropriate treatment planning are critical in obtaining a successful outcome. The success of full mouth rehabilitations is to meet the patient expectations in esthetics, phonetics, form and function. A myriad of factors that need to be evaluated for a customized treatment plan as well as the consideration in material selection will be discussed in this course.

**EDUCATIONAL OBJECTIVES**

- Understand the importance of comprehensive treatment planning
- Learn the restorative space requirements for the different restorations
- Understand the factors that need consideration before deciding upon a fixed vs. removable implant rehabilitation

**CLINICIAN**

**YUN-CHU CHEN, DDS, MS,** received her DDS degree from the Taipei Medical University in Taiwan in 2014. She completed her residency at the National Cheng-Kung University Hospital in Taiwan, and worked in private practice for four years before relocating to the USA. She completed three years of post-doctoral training and earned the certificate in Prosthodontics from the University of Southern California in 2021, where she also obtained her MS degree in Biomaterials and Digital Dentistry through attending additional classes and conducting research in comparing the material properties of conventional and CAD/CAM dental materials. Currently, she is a full-time faculty member at the Columbia University College of Dental Medicine, where she teaches pre-doctoral Prosthodontics and gives lectures in digital dentistry for pre-doctoral students. She also provides dental care for patients at faculty practice of Columbia University in New York City.

**CANCELLATION POLICY**

Cancellations received up to 72 hours prior to the course will receive a 50% refund. No refunds will be given for cancellations received within 72 hours of the course. Please note that Zoom will allow you to cancel out of a Zoom event at any time, however, all cancellations for this course must be made directly with UBC in accordance with this UBC CDE cancellation policy. Continuing Dental Education at The University of British Columbia reserves the right to cancel courses or switch instructors if deemed necessary by low enrolment, instructor cancellation or other unforeseen issues. In case of course cancellation by UBC CDE a full refund will be issued.

**ADA CERP®** Continuing Education Recognition Program

CDE at UBC is an ADA CERP Recognized Provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. CDE at UBC designates this activity for the above-listed hours of instruction. Concerns or complaints about a CE provider may be directed to the provider or to the Commission for Continuing Education Provider Recognition at ADA.org/CERP. This continuing education activity has been planned and implemented in accordance with the standards of the ADA Continuing Education Recognition Program (ADA CERP) through joint efforts between CDE at UBC and Association for Continuing Dental Education (ACDE).

**DISCLAIMER:** Dental education graduation have an obligation to disseminate new knowledge related to dental practice. Some presentations may include controversial materials or commercial references. Sponsorship of a continuing education course by The University of British Columbia does not imply endorsement of a particular philosophy, procedure or product by The University of British Columbia. For all must accompany registration. The fee on fees are deductible for Canadian Income Tax purposes. See cancellation policy.
