

GP BEWARE: THE GRAVE MISSTEPS YOU'RE IGNORING IN 3RD MOLAR EXTRACTIONS

DR. JARED WILLIAMS

Dive deep into the specialized realm of 3rd molar surgery course tailored exclusively for General Practitioners (GPs). This training bridges the knowledge gap, emphasizing evidence-based techniques to enhance the practical skills of GPs in 3rd molar surgeries. Participants will learn the techniques to ensure profound local anesthesia for pain control and delve into intricacies of designing the perfect flap for lower 3rd molars. The course also provides insights into the art of sectioning 3rd molars atraumatically ensuring tooth removal with the minimal complications. Additionally, attendees will refine their suturing skills, from selecting the right materials to mastering various stitching techniques. On the administrative side, the course offers guidance on the accurate coding of third molar procedures to ensure seamless billing and minimize potential insurance disputes. By the end of this immersive training, GP's will possess the confidence and knowledge to excel in 3rd molar surgeries, ensuring precision and top tier patient care.
