

LIMITED ENROLMENT

SOFT TISSUE GRAFTING FOR THE GENERAL PRACTITIONER

DRS. FARZAN & FARZIN GHANNAD

Soft Tissue grafting is now a necessity in various stages of a dentist's treatment plan.

Soft tissue enhancement prior to orthodontic treatment or prosthodontic rehabilitation offers a safer and more stable long term result. Bone grafting surgery sites are poorly planned without the existence of strong keratinized gingiva. The benefits of having resistant keratinized tissues around implants and implant supported crowns are well documented. Root coverage procedures allows you to offer your patients different options to address root sensitivity, aesthetic concerns, abfractions and abrasions.

This course introduces the participants to various aspects of soft tissue grafting and periodontal plastic surgery. Topics covered will include autogenous connective tissue grafts (CTGs), autogenous free gingival grafts (FGGs), utilizing allograft materials from the market, pedicle flaps, etc. An emphasis is placed on treatment planning and patient selection criteria through evidence based lectures and handouts. The program will include interactive video presentations of surgeries by the instructor (s). All dentists will perform hands-on surgeries in simulation on animal mandibles.

EDUCATIONAL OBJECTIVES

1. Identify various types of recession and mucogingival deficiencies and the impact they have on your treatment plans
2. Understand the methodology and rationale for using allograft materials vs. autogenous grafts
3. Develop protocols for patient selection and when to refer
4. Demonstrate the techniques and skills required for the surgical management of simple FGG and CTG cases
5. Maximize the outcome of your implant cases by incorporating soft tissue grafting in your treatment plans
6. Identify and manage the postoperative phase and complications

FARZAN GHANNAD, DDS, MSc, Dip.Perio, FRCD(C) is a certified specialist in Periodontics and received his Specialty Diploma and Masters degree from the University of British Columbia (UBC). He completed his dental degree in Heidelberg, Germany and has conducted research and published in the field of Implant Dentistry. He is a Fellow of the Royal College of Dentists of Canada and member of numerous professional organizations. Dr. Ghannad is an Associate Clinical Professor at the Faculty of Dentistry at UBC and lectures nationally on all aspects of periodontal therapy, including soft tissue grafting, regeneration and implant dentistry. He currently practices in his private clinics in Vancouver and North Vancouver and serves the communities of Campbell River and Yellowknife.

FARZIN GHANNAD, DDS, MSc, Dip.Perio, FRCD(C) earned his dental degree from the University of Goettingen, Germany in 1996. He moved to Ottawa in 1997 where he maintained a successful general dental practice until 2004. In 2007, Dr. Ghannad completed his 3 year Masters Specialty training in Periodontics and Implant Surgery at the University of British Columbia earning a diploma in Periodontics & Master of Science. He is one the two founders of Implant Perio Centre in Vancouver and Implant Perio Centre in North Vancouver. Dr. Ghannad held the position of Associate Director of Graduate Periodontics and Implant Surgery at the University of British Columbia from 2010-2015. During that period, he was also affiliated with Vancouver General Hospital and performed periodontal and implant treatment on medically compromised patients. Currently, he works in his private practices in Vancouver, North Vancouver and serves the community in Kamloops and Yellowknife. As an assistant professor at the University of British Columbia, he is involved in training of periodontal residents. Dr. Ghannad actively lectures nationally and

CANCELLATION POLICY

Fee in full must accompany registration. Limited Enrolment Courses (lecture and workshop) require a minimum of 21 days notice for a full refund less \$100.00 administration fee. Cancellations made between 21 and 14 days prior to the first day of the program will receive a 50% refund. No refund will be granted for cancellations made less 14 days prior to the first day of the program. Continuing Dental Education at The University of British Columbia reserves the right to cancel courses or switch instructors if deemed necessary by low enrolment, instructor cancellation or other unforeseen issues. In case of course cancellation by UBC CDE a full refund will be issued.

Continuing Dental Education (CDE) at the University of British Columbia (UBC) is an ADA CERP Recognized Provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. CDE at UBC designates this activity for the above listed hours of instruction. Concerns or complaints about a CE provider may be directed to the provider or to the Commission for Continuing Education Provider Recognition at CCEPR.ada.org.

DISCLAIMER: Dental education institutions have an obligation to disseminate new knowledge related to dental practice. Some presentations may include controversial materials or commercial references. Sponsorship of a continuing education course by The University of British Columbia does not imply endorsement of a particular philosophy, procedure or product by The University of British Columbia. See cancellation policy.
