

THE UNIVERSITY OF BRITISH COLUMBIA

Faculty of Dentistry

Dental Undergraduate Society | Corporate Connect Program

The Dental Undergraduate Society (**DUS**) and the Faculty of Dentistry (**FOD**) **Corporate Connect Program**, is designed to provide additional educational resources to UBC Dentistry students outside of curriculum, by enhancing learning opportunities in areas such as dental practice management, advanced dental equipment and product knowledge, and increasing expertise in finance and insurance.

The **DUS FOD Corporate Connect Program** is planned and operated by the DUS and supported by the Faculty of Dentistry to better serve our students, strengthen brand alignment, and provide a positive interactive experience for both students and corporate partners.

To better enhance the Corporate Connect experience for both our students and corporate partners, events are primarily to be scheduled outside of curriculum hours as evening sessions. This allows for students to focus on patient care and afternoon clinic set-up.

CORPORATE CONNECT BENEFITS:

- Opportunity to connect directly with UBC Dentistry students and showcase products and services
- Develop deeper engagement connection with students
- Recognition within the UBC Dentistry donor community including official business acknowledgment receipts for contribution

HOW TO ENHANCE YOUR CORPORATE CONNECT:

Added incentives during your session, such as prizes for students, not only make your connect fun and engaging but encourage students to attend. They can also be used as an opportunity to further build networking with students following your session. Electronic Starbucks gift cards, Skip the Dishes gift cards, or company swag are just a few ideas to make your session unique and engaging!
