EXPLORING NEW WAYS TO CONSERVE TOOTH STRUCTURE

DR. JOEL N. JANIS

Techniques to save tooth structure in restorative and fixed prosthodontics procedures.

EDUCATIONAL OBJECTIVES

• Restore teeth with composite with minimal loss of structure and restore missing teeth without crown preparations on abutment teeth.

CLINICIAN
JOEL N. JANIS, DDS, BA ZOOLOGY, worked in private practice for over 35 years. He taught for ten years at UOP, five years at Roseman University, and seven years at the University of Utah School of Dentistry.

CANCELLATION POLICY
Cancellations received up to 72 hours prior to the course will receive a 50% refund. No refunds will be given for cancellations received within 72 hours of the course. Please note that Zoom will allow you to cancel out of a Zoom event at any time, however, all cancellations for this course must be made directly with UBC in accordance with this UBC CDE cancellation policy. Continuing Dental Education at The University of British Columbia reserves the right to cancel courses or switch instructors if deemed necessary by low enrolment, instructor cancellation or other unforeseen issues. In case of course cancellation by UBC CDE a full refund will be issued.

COST:
$99 CAD
