COMPREHENSIVE DENTISTRY TOUCH-UPS: ENHANCING RESTORATIVE, PEDIATRIC CARE, AND PATIENT COMMUNICATION

DR. RAWDA AWAD

Join our comprehensive dentistry touch-ups course designed to refine your skills in restorative dentistry, pediatric patient care, and effective communication. This course is tailored for dental professionals seeking to elevate their daily practice and deliver exceptional patient-centered care.

Key Focus Areas:
- Restorative Dentistry: Master the art of efficient crown preparations, optimizing tooth reduction techniques, material selection, and troubleshooting common challenges for successful outcomes.
- Pediatric Patient Management: Learn specialized strategies to manage pediatric patients, ensuring a positive and comfortable dental experience through child-friendly approaches and effective communication.
- Patient Communication Mastery: Enhance your ability to educate and engage patients, manage their expectations, and effectively communicate the crown procedure, leading to improved patient satisfaction and compliance.

Course Benefits:
- Gain advanced techniques to streamline crown preparations, enhancing efficiency and accuracy in your practice.
- Troubleshoot common challenges in crown procedures, providing a seamless patient experience.
- Elevate your patient care by effectively managing pediatric patients and creating a welcoming, stress-free environment.
- Enhance patient communication skills to foster trust and understanding, resulting in better treatment compliance and overall satisfaction.

EDUCATIONAL OBJECTIVES
- Master Efficient Crown Preparations: Participants will acquire advanced techniques to streamline and optimize crown preparations, ensuring precision and efficiency in restorative dentistry.
- Troubleshoot Common Challenges in Crown Procedures: Participants will be equipped to identify and address common challenges encountered in crown procedures, ensuring successful outcomes and patient comfort.
- Optimize Material Selection for Crowns: Participants will understand the factors influencing material selection for crown procedures, tailoring choices to patient needs and case requirements.
- Foster a Comprehensive Approach to Dentistry: Participants will integrate restorative dentistry, pediatric patient care, and effective communication into a comprehensive approach for enhanced daily dental practice.
- Enhance Pediatric Patient Management: Participants will learn effective strategies to manage pediatric patients, creating a comfortable and engaging experience during restorative procedures.
- Improve Patient Communication and Expectation Management: Participants will develop effective communication skills to educate patients about crown procedures, manage expectations, and enhance patient satisfaction.
- Promote Continuing Professional Development: Participants will be inspired to pursue continuous learning and growth in the fields of restorative dentistry and pediatric care, staying updated with advancements and best practices.

CLINICIAN
RAWDA AWAD, DDS, I am a passionate dentist dedicated to the profound impact of dental education. Teaching the rising generation of future dentists and bringing my expertise and enthusiasm for dental education to a global platform are my passions. Currently, I serve as an Assistant Professor of Restorative Dentistry at A.T. Still University's Missouri School of Dental and Oral Health.

CANCELLATION POLICY
Cancellations received up to 72 hours prior to the course will receive a 50% refund. No refunds will be given for cancellations received within 72 hours of the course. Please note that Zoom will allow you to cancel out of a Zoom event at any time, however, all cancellations for this course must be made directly with UBC in accordance with this UBC CDE cancellation policy. Continuing Dental Education at The University of British Columbia reserves the right to cancel courses or switch instructors if deemed necessary by low enrolment, instructor cancellation or other unforeseen issues. In case of course cancellation by UBC CDE a full refund will be issued.

ADA CERP® Continuing Education Recognition Program
Continuing Dental Education (CDE) at the University of British Columbia (UBC) is an ADA CERP Recognized Provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of continuing education by boards of dentistry. CDE at UBC designates this activity for the above listed hours of instruction. Concerns or complaints about CE providers may be directed to the provider or to the Commission for Continuing Education Provider Recognition at CERP@ada.org. This continuing education activity has been planned and implemented in accordance with the standards of the ADA Continuing Education Recognition Program (ADA CERP) through joint efforts between CDE at UBC and Association for Continuing Dental Education (ACDE).

DISCLAIMER: Dental education institutions have an obligation to disseminate new knowledge related to dental practice. Some presentations may include controversial materials or commercial references. Sponsorship of a continuing education course by The University of British Columbia Does not imply endorsement of a particular philosophy, procedure or product by The University of British Columbia. Fee in full must accompany registration. The tuition fee is deductible for Canadian Income Tax purposes. See cancellation policy.
